I. READING AND VOCABULARY - 10 Marks

A. Read the following passage carefully and then answer the questions that follow:

On 25 October 1881, a baby boy was born in Malaga, Spain. It was a difficult birth and to help him breathe, cigar smoke was blown into his nose! This baby grew up to be one of the twentieth century’s greatest painters – **Pablo Picasso**.

Picasso showed his genius from a very young age. His first word was *lapis* (Spanish for *pencil*) and he could draw before he could talk. He was the only son in the family, so he was thoroughly spoiled. He hated school and often refused to go unless he was allowed to take one of his father’s pet pigeons with him!

Apart from pigeons, his great love was art. His genius as an artist was soon recognized by many people, but others were shocked by his strange and powerful paintings. He is probably best known for his Cubist pictures. One of his most famous portraits was of the American writer Gertrude Stein, who he met after he’d moved to Paris in 1904.

*Guernica*, which he painted in 1937, records the bombing of that small Basque town during the Spanish Civil War, and is undoubtedly one of the masterpieces of modern painting. At the age of 90, he was honored by an exhibition in the Louvre in Paris. He was the first living artist to be shown there. Picasso created over 6,000 paintings, drawings, and sculptures. He died of heart failure during an attack of influenza in 1973.
